SUBJECT INDEX

Accreditation

Assessment: How to Make Lemons into Lemonade, John H. Page, EI Jan. 94, p25-28.

Restructuring the Engineering and Engineering Technology Relationship, Russel C. Jones and Robert D. Kersten, EI Apr. 93, p153-162.

Affirmative action

Past, Present, and Future of ASCE: Equal Opportunity Programs, Francis E. Griggs, Jr., EI Apr. 94, p198-211.

Arbitration

Contemporary Model of Civil Engineering Failures, Richard L. Meehan, Brian Chun, Sang-wuk Ji, Stephanie King, Knut Ronold and Frank Yang, EI Apr. 93, p138-146.

ASCE Committees

Past, Present, and Future of ASCE: Equal Opportunity Programs, Francis E. Griggs, Jr., EI Apr. 94, p198-211.

ASCE Employment Conditions

ASCE 1993 Salary Survey, ASCE Committee on Employment Conditions of the Professional Practice Division, EI Apr. 94, p221-230.

Bids

Is it Necessary to Compromise Engineering Ethics to Remain Competitive? Jim V. Anderson, EI Oct. 94, p379-383.

Bridges

Collaboration in the Engineering Classroom, Patricia G. Frantz, Gregory C. Frantz and John T. DeWolf, EI July 93, p297-303.

Careers

Digger's Decline: A Fable for Civil Engineers, John A. Alexander, EI July 93, p304-308.

Case reports

Case Study of Development of Distance-Learning Course, D. A. Langford, T. Bilham, R. Fellows and R. Newcombe, EI Oct. 94, p333-340.

Relation of Praxeology to Engineering, Ronald A. Chadderton, EI Oct. 94, p384-391.

Civil engineering

Admission Requirements for Non–Civil Engineering Graduate Applicants, Richard H. McCuen and Allen P. Davis, EI Apr. 93, p163-169.

Civil Engineering Undergraduate Education in Japan: System Overview, Masanori Tsuji and Antonio Nanni, EI Apr. 94, p135-144.

Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Infrastructure and Economic Development: Civil Engineering Perspective, Neil S. Grigg, EI Jan. 93, p51-61.

National Survey of Materials Engineering Program, K. P. George, John R. Rohde and Srinivasa L. Iyer, EI July 94, p313-323.

On the Shoulders of Giants, Francis E. Griggs, Jr., EI July 94, p254-264.

Strategies to Enhance Well-Being of Civil Engineering Profession, Michel Bruneau, EI Oct. 94, p341-359.

Strategy for Passing the Civil P.E. Exam, John G. Everett and James T. Mitroka, EI July 93, p269-278.

Civil engineers

ASCE 1993 Salary Survey, ASCE Committee on Employment Conditions of the Professional Practice Division, EI Apr. 94, p221-230.

Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.

Contemporary Model of Civil Engineering Failures, Richard L. Meehan, Brian Chun, Sang-wuk Ji, Stephanie King, Knut Ronold and Frank Yang, EI Apr. 93, p138-146.

Facilitating Sustainable Development: Is Our Approach Correct? Michael N. T. Cottell, EI July 93, p220-224.

The Importance of Being Historical: Civil Engineers and Their History, Jane Morley, EI Oct. 94, p419-428.

Innovative Introduction to Civil Engineering Curriculum, E. F. Glynn and W. B. Fergusson, EI Apr. 94, p149-157.

NASA's Mission to Planet Earth: Will Civil Engineering Reap Benefits? John H. McElroy, EI Oct. 94, p401-404.

Client relationships

Is it Necessary to Compromise Engineering Ethics to Remain Competitive? Jim V. Anderson, EI Oct. 94, p379-383.

Codes

Standard of Care in Civil Litigation, Robert W. Day, EI Apr. 94, p145-148.

Communication

Engineering Jargon and Civil Liability, Robert W. Day, EI Oct. 94, p413-418.

Communication skills

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Effective Teaching Using SemiNotes, M. U. Hosain, EI Apr. 94, p193-197.

Engineering Jargon and Civil Liability, Robert W. Day, EI Oct. 94, p413-418.

Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.

Innovative Introduction to Civil Engineering Curriculum, E. F. Glynn and W. B. Fergusson, EI Apr. 94, p149-157.

Community planning

Environmental Collective Action: Residential Recycling Programs, Jess W. Everett, EI Apr. 94, p158-176.

Community support
Environmental Collective Action: Residential Recycling Programs, Jess W. Everett, EI Apr. 94, p158-176.

Competition
ADR, TQM, Partnering, and Other Management Fantasies, F. H. "Bud" Griffis, EI Oct. 92, p331-344.

Sustainable Development Issues: Industry, Environment, Regulation and Competition, George L. De Feis, EI Apr. 94, p177-182.

Computer aided instruction
Computer-Aided Laboratory Teaching in Geotechnics, I. E. G. Davey-Wilson, EI Oct. 94, p430-435.

Computer applications
Aspects of Virtual Master Builder, Victor E. Sanvido, Steven J. Fenves and John L. Wilson, EI July 92, p261-278.

Computer software
Teaching with Multimedia: Example and Issues, Rollin H. Hotchkiss, EI July 94, p279-289.

Computerized simulation
Computer-Aided Laboratory Teaching in Geotechnics, I. E. G. Davey-Wilson, EI Oct. 94, p430-435.

Construction
Labor-Political Factors for International Firms in Developing Regions, Enno "Ed" Koehn and Frank Atuahene, EI Jan. 94, p41-49.

Construction costs
Labor-Political Factors for International Firms in Developing Regions, Enno "Ed" Koehn and Frank Atuahene, EI Jan. 94, p41-49.

Construction industry
ADR, TQM, Partnering, and Other Management Fantasies, F. H. "Bud" Griffis, EI Oct. 92, p331-344.

Americans with Disabilities Act and Employment Practices in Construction, Stuart D. Anderson, Carolyn F. Morgan and Mukul Goel, EI Oct. 94, p360-378.

Improving Effectiveness of Equal Business Opportunity Programs, Zuhair El-Itr and Roozbeh Kangari, EI July 94, p295-312.

Consultants
International Information and Technology Transfer, Charles G. Gunnerson, EI Oct. 91, p336-350.

Contract terms
Strategies for Avoiding Civil Liability, Robert W. Day, EI July 94, p265-269.

Contractors
Improving Effectiveness of Equal Business Opportunity Programs, Zuhair El-Itr and Roozbeh Kangari, EI July 94, p295-312.

Cooperation
Future Concerns in Environmental Engineering Graduate Education, Richard G. Luthy, David A. Bella, James R. Hunt, James H. Johnson, Desmond F. Lawler, Charles R. O'Melia and Frederick G. Pohland, EI Oct. 92, p361-380.

Costs
Is it Necessary to Compromise Engineering Ethics to Remain Competitive? Jim V. Anderson, EI Oct. 94, p379-383.

Curricula
Case Study of Development of Distance-Learning Course, D. A. Langford, T. Bilham, R. Fellows and R. Newcombe, EI Oct. 94, p333-340.

Civil Engineering Undergraduate Education in Japan: System Overview, Masanori Tsuji and Antonio Nanni, EI Apr. 94, p135-144.

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Future Concerns in Environmental Engineering Graduate Education, Richard G. Luthy, David A. Bella, James R. Hunt, James H. Johnson, Desmond F. Lawler, Charles R. O'Melia and Frederick G. Pohland, EI Oct. 92, p361-380.

Innovative Introduction to Civil Engineering Curriculum, E. F. Glynn and W. B. Fergusson, EI Apr. 94, p149-157.

Integrated Capstone Design Experience, Everett E. McEwen, EI Apr. 94, p212-220.

Integrating Ethics into Technical Curricula, Roger A. Killingsworth, Jr. and Darla J. Twale, EI Jan. 94, p58-69.

National Survey of Materials Engineering Program, K. P. George, John R. Rohde and Srinivasa L. Iyer, EI July 94, p313-323.

Outlook for Environmental Education in 21st Century, Berrin Tansel, EI Apr. 94, p129-134.

Teaching Engineering to Increase Motivation, N. C. Mickleborough and D. G. Wareham, EI Jan. 94, p29-35.

Transportation Capstone Design Project: Review and Future Directions, John G. Schoon, EI Jan. 94, p70-89.

Data collection
NASA's Mission to Planet Earth: Will Civil Engineering Reap Benefits? John H. McElroy, EI Oct. 94, p401-404.

Data processing
Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Database management systems
Aspects of Virtual Master Builder, Victor E. Sanvido, Steven J. Fenves and John L. Wilson, EI July 92, p261-278.

Definitions
Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Design
Collaboration in the Engineering Classroom, Patricia G. Frantz, Gregory C. Frantz and John T. DeWolf, EI July 93, p297-303.

Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Integrated Capstone Design Experience, Everett E. McEwen, EI Apr. 94, p212-220.

On the Shoulders of Giants, Francis E. Griggs, Jr., EI July 94, p254-264.

Teaching Engineering to Increase Motivation, N. C. Mickleborough and D. G. Wareham, EI Jan. 94, p29-35.

Transportation Capstone Design Project: Review and Future Directions, John G. Schoon, EI Jan. 94, p70-89.

Tunnel School, Brian Brenner and Richard O'Brien, EI Oct. 94, p405-412.

Developing countries

Facilitating Sustainable Development: Is Our Approach Correct? Michael N. T. Cottell, EI July 93, p220-224.

Labor-Political Factors for International Firms in Developing Regions, Enno "Ed" Koehn and Frank Atuahene, EI Jan. 94, p41-49.

Development

Relevant Engineering in 21st Century, Henry J. Hatch, EI July 93, p216-219.

Economic analysis

Relation of Praxeology to Engineering, Ronald A. Chadderton, EI Oct. 94, p384-391.

Economic development

Facilitating Sustainable Development: Is Our Approach Correct? Michael N. T. Cottell, EI July 93, p220-224.

Facilitating Sustainable Development: Role of Engineer, Geoffrey H. Coates, EI July 93, p225-229.

Infrastructure and Economic Development: Civil Engineering Perspective, Neil S. Grigg, EI Jan. 93, p51-61.

International Information and Technology Transfer, Charles G. Gunnerson, EI Oct. 91, p336-350.

Economic growth

Infrastructure: a More Comprehensive Policy is Needed, Neil S. Grigg, EI Apr. 94, p183-192.

Economics

Infrastructure and Economic Development: Civil Engineering Perspective, Neil S. Grigg, EI Jan. 93, p51-61.

Relation of Praxeology to Engineering, Ronald A. Chadderton, EI Oct. 94, p384-391.

Relevant Engineering in 21st Century, Henry J. Hatch, EI July 93, p216-219.

Education

Admission Requirements for Non–Civil Engineering Graduate Applicants, Richard H. McCuen and Allen P. Davis, EI Apr. 93, p163-169.

Case Study of Development of Distance-Learning Course, D. A. Langford, T. Bilham, R. Fellows and R. Newcombe, EI Oct. 94, p333-340.

Constructivist Learning Model for Ethics Education, Richard H. McCuen, EI July 94, p273-278.

How We Falter and the Lessons We Learn, K. B. Khushalani, EI Oct. 93, p422-426.

Infrastructure: a More Comprehensive Policy is Needed, Neil S. Grigg, EI Apr. 94, p183-192.

Past, Present, and Future of ASCE: Equal Opportunity Programs, Francis E. Griggs, Jr., EI Apr. 94, p198-211.

Restructuring the Engineering and Engineering Technology Relationship, Russel C. Jones and Robert D. Kersten, EI Apr. 93, p153-162.

Employee benefits

ASCE 1993 Salary Survey, ASCE Committee on Employment Conditions of the Professional Practice Division, EI Apr. 94, p221-230.

Employment conditions

ASCE 1993 Salary Survey, ASCE Committee on Employment Conditions of the Professional Practice Division, EI Apr. 94, p221-230.

Employment opportunities

Americans with Disabilities Act and Employment Practices in Construction, Stuart D. Anderson, Carolyn F. Morgan and Mukul Goel, EI Oct. 94, p360-378.

Civil Engineering Undergraduate Education in Japan: System Overview, Masanori Tsuji and Antonio Nanni, EI Apr. 94, p135-144.

Infrastructure: a More Comprehensive Policy is Needed, Neil S. Grigg, EI Apr. 94, p183-192.

Engineering

How We Falter and the Lessons We Learn, K. B. Khushalani, EI Oct. 93, p422-426.

Engineering education

Admission Requirements for Non–Civil Engineering Graduate Applicants, Richard H. McCuen and Allen P. Davis, EI Apr. 93, p163-169.

Assessment: How to Make Lemons into Lemonade, John H. Page, EI Jan. 94, p25-28.

Civil Engineering Undergraduate Education in Japan: System Overview, Masanori Tsuji and Antonio Nanni, EI Apr. 94, p135-144.

Collaboration in the Engineering Classroom, Patricia G. Frantz, Gregory C. Frantz and John T. DeWolf, EI July 93, p297-303.

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Effective Teaching Using SemiNotes, M. U. Hosain, EI Apr. 94, p193-197.

Future Concerns in Environmental Engineering Graduate Education, Richard G. Luthy, David A. Bella, James R. Hunt, James H. Johnson, Desmond F. Lawler, Charles R. O'Melia and Frederick G. Pohland, EI Oct. 92, p361-380.

The Importance of Being Historical: Civil Engineers and Their History, Jane Morley, EI Oct. 94, p419-428.

Infrastructure and Economic Development: Civil Engineering Perspective, Neil S. Grigg, EI Jan. 93, p51-61.

Innovative Introduction to Civil Engineering Curriculum, E. F. Glynn and W. B. Fergusson, EI Apr. 94, p149-157.

Integrated Capstone Design Experience, Everett E. McEwen, EI Apr. 94, p212-220.

Integrating Ethics into Technical Curricula, Roger A. Killingsworth, Jr. and Darla J. Twale, EI Jan. 94, p58-69.

National Survey of Materials Engineering Program, K. P. George, John R. Rohde and Srinivasa L. Iyer, EI July 94, p313-323.

On the Shoulders of Giants, Francis E. Griggs, Jr., EI July 94, p254-264.

Outlook for Environmental Education in 21st Century, Berrin Tansel, EI Apr. 94, p129-134.

Relation of Praxeology to Engineering, Ronald A. Chadderton, EI Oct. 94, p384-391.

Restructuring the Engineering and Engineering Technology Relationship, Russel C. Jones and Robert D. Kersten, EI Apr. 93, p153-162.

Strategies to Enhance Well-Being of Civil Engineering Profession, Michel Bruneau, EI Oct. 94, p341-359.

Strategy for Passing the Civil P.E. Exam, John G. Everett and James T. Mitroka, EI July 93, p269-278.

Teaching Engineering to Increase Motivation, N. C. Mickleborough and D. G. Wareham, EI Jan. 94, p29-35.

Teaching with Multimedia: Example and Issues, Rollin H. Hotchkiss, EI July 94, p279-289.

Transportation Capstone Design Project: Review and Future Directions, John G. Schoon, EI Jan. 94, p70-89.

Tunnel School, Brian Brenner and Richard O'Brien, EI Oct. 94, p405-412.

Engineering profession

Relevant Engineering in 21st Century, Henry J. Hatch, EI July 93, p216-219.

Restructuring the Engineering and Engineering Technology Relationship, Russel C. Jones and Robert D. Kersten, EI Apr. 93, p153-162.

Engineers

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Facilitating Sustainable Development: Role of Engineer, Geoffrey H. Coates, EI July 93, p225-229.

Why Do Engineers Wear Black Hats? P. Aarne Vesilind, EI Jan. 93, p1-7.

Environment

Environmental Collective Action: Residential Recycling Programs, Jess W. Everett, EI Apr. 94, p158-176.

Environmental engineering

Environmental Collective Action: Residential Recycling Programs, Jess W. Everett, EI Apr. 94, p158-176.

Facilitating Sustainable Development: Is Our Approach Correct? Michael N. T. Cottell, EI July 93, p220-224.

Future Concerns in Environmental Engineering Graduate Education, Richard G. Luthy, David A. Bella, James R. Hunt, James H. Johnson, Desmond F. Lawler, Charles R. O'Melia and Frederick G. Pohland, EI Oct. 92, p361-380.

Outlook for Environmental Education in 21st Century, Berrin Tansel, EI Apr. 94, p129-134.

Environmental impacts

Relevant Engineering in 21st Century, Henry J. Hatch, EI July 93, p216-219.

Environmental issues

Facilitating Sustainable Development: Role of Engineer, Geoffrey H. Coates, EI July 93, p225-229.

Outlook for Environmental Education in 21st Century, Berrin Tansel, EI Apr. 94, p129-134.

Sustainable Development Issues: Industry, Environment, Regulation and Competition, George L. De Feis, EI Apr. 94, p177-182.

Environmental quality

Facilitating Sustainable Development: Is Our Approach Correct? Michael N. T. Cottell, EI July 93, p220-224.

Relevant Engineering in 21st Century, Henry J. Hatch, EI July 93, p216-219.

Sustainable Development Issues: Industry, Environment, Regulation and Competition, George L. De Feis, EI Apr. 94, p177-182.

Equal employment opportunity

Past, Present, and Future of ASCE: Equal Opportunity Programs, Francis E. Griggs, Jr., EI Apr. 94, p198-211.

Ethics

Constructivist Learning Model for Ethics Education, Richard H. McCuen, EI July 94, p273-278.

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Ethics and Quality in the Constructed Project, Jerome S. B. Iffland, EI Jan. 94, p8-24.

Integrating Ethics into Technical Curricula, Roger A. Killingsworth, Jr. and Darla J. Twale, EI Jan. 94, p58-69.

Is it Necessary to Compromise Engineering Ethics to Remain Competitive? Jim V. Anderson, EI Oct. 94, p379-383.

Relevant Engineering in 21st Century, Henry J. Hatch, EI July 93, p216-219.

Why Do Engineers Wear Black Hats? P. Aarne Vesilind, EI Jan. 93, p1-7.

Evaluation

Assessment: How to Make Lemons into Lemonade, John H. Page, EI Jan. 94, p25-28.

Transportation Capstone Design Project: Review and Future Directions, John G. Schoon, EI Jan. 94, p70-89.

Examination

Assessment: How to Make Lemons into Lemonade, John H. Page, EI Jan. 94, p25-28.

Experience

How We Falter and the Lessons We Learn, K. B. Khushalani, EI Oct. 93, p422-426.

Expert witness
Standard of Care in Civil Litigation, Robert W. Day, EI Apr. 94, p145-148.

Facilities
Dimensions and Management of Facility Performance, James C. Porter, EI Jan. 94, p1-7.

Faculty
Future Concerns in Environmental Engineering Graduate Education, Richard G. Luthy, David A. Bella, James R. Hunt, James H. Johnson, Desmond F. Lawler, Charles R. O'Melia and Frederick G. Pohland, EI Oct. 92, p361-380.

Failures
Contemporary Model of Civil Engineering Failures, Richard L. Meehan, Brian Chun, Sang-wuk Ji, Stephanie King, Knut Ronold and Frank Yang, EI Apr. 93, p138-146.

Federal laws
Americans with Disabilities Act and Employment Practices in Construction, Stuart D. Anderson, Carolyn F. Morgan and Mukul Goel, EI Oct. 94, p360-378.

Financing
Future Concerns in Environmental Engineering Graduate Education, Richard G. Luthy, David A. Bella, James R. Hunt, James H. Johnson, Desmond F. Lawler, Charles R. O'Melia and Frederick G. Pohland, EI Oct. 92, p361-380.

Forecasting
Digger's Decline: A Fable for Civil Engineers, John A. Alexander, EI July 93, p304-308.

Graduate students
Collaboration in the Engineering Classroom, Patricia G. Frantz, Gregory C. Frantz and John T. DeWolf, EI July 93, p297-303.

Graduate study
Admission Requirements for Non–Civil Engineering Graduate Applicants, Richard H. McCuen and Allen P. Davis, EI Apr. 93, p163-169.

Guidelines
Assessment: How to Make Lemons into Lemonade, John H. Page, EI Jan. 94, p25-28.

Handicapped persons
Americans with Disabilities Act and Employment Practices in Construction, Stuart D. Anderson, Carolyn F. Morgan and Mukul Goel, EI Oct. 94, p360-378.

History
The Importance of Being Historical: Civil Engineers and Their History, Jane Morley, EI Oct. 94, p419-428.

On the Shoulders of Giants, Francis E. Griggs, Jr., EI July 94, p254-264.

Human behavior
Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Human factors
Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Human rights
Past, Present, and Future of ASCE: Equal Opportunity Programs, Francis E. Griggs, Jr., EI Apr. 94, p198-211.

Information retrieval
Aspects of Virtual Master Builder, Victor E. Sanvido, Steven J. Fenves and John L. Wilson, EI July 92, p261-278.

Information systems
Aspects of Virtual Master Builder, Victor E. Sanvido, Steven J. Fenves and John L. Wilson, EI July 92, p261-278.

Dimensions and Management of Facility Performance, James C. Porter, EI Jan. 94, p1-7.

Infrastructure
Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Infrastructure: a More Comprehensive Policy is Needed, Neil S. Grigg, EI Apr. 94, p183-192.

Infrastructure and Economic Development: Civil Engineering Perspective, Neil S. Grigg, EI Jan. 93, p51-61.

Innovation
Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Instruction
Effective Teaching Using SemiNotes, M. U. Hosain, EI Apr. 94, p193-197.

National Survey of Materials Engineering Program, K. P. George, John R. Rohde and Srinivasa L. Iyer, EI July 94, p313-323.

Instructors
Effective Teaching Using SemiNotes, M. U. Hosain, EI Apr. 94, p193-197.

International development
Sustainable Development Issues: Industry, Environment, Regulation and Competition, George L. De Feis, EI Apr. 94, p177-182.

International factors
International Information and Technology Transfer, Charles G. Gunnerson, EI Oct. 91, p336-350.

Labor-Political Factors for International Firms in Developing Regions, Enno "Ed" Koehn and Frank Atuahene, EI Jan. 94, p41-49.

Japan
Civil Engineering Undergraduate Education in Japan: System Overview, Masanori Tsuji and Antonio Nanni, EI Apr. 94, p135-144.

Knowledge-based systems
Computer-Aided Laboratory Teaching in Geotechnics, I. E. G. Davey-Wilson, EI Oct. 94, p430-435.

Labor
Labor-Political Factors for International Firms in Developing Regions, Enno "Ed" Koehn and Frank Atuahene, EI Jan. 94, p41-49.

Laboratory tests
Computer-Aided Laboratory Teaching in Geotechnics, I. E. G. Davey-Wilson, EI Oct. 94, p430-435.

Leadership
ADR, TQM, Partnering, and Other Management Fantasies, F. H. "Bud" Griffis, EI Oct. 92, p331-344.
Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.
Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Legal factors
Standard of Care in Civil Litigation, Robert W. Day, EI Apr. 94, p145-148.

Liability
Engineering Jargon and Civil Liability, Robert W. Day, EI Oct. 94, p413-418.
Strategies for Avoiding Civil Liability, Robert W. Day, EI July 94, p265-269.

Liability insurance
Strategies for Avoiding Civil Liability, Robert W. Day, EI July 94, p265-269.

Life cycles
Dimensions and Management of Facility Performance, James C. Porter, EI Jan. 94, p1-7.

Litigation
Contemporary Model of Civil Engineering Failures, Richard L. Meehan, Brian Chun, Sang-wuk Ji, Stephanie King, Knut Ronold and Frank Yang, EI Apr. 93, p138-146.
Standard of Care in Civil Litigation, Robert W. Day, EI Apr. 94, p145-148.

Management
ADR, TQM, Partnering, and Other Management Fantasies, F. H. "Bud" Griffis, EI Oct. 92, p331-344.
Dimensions and Management of Facility Performance, James C. Porter, EI Jan. 94, p1-7.

Management methods
ADR, TQM, Partnering, and Other Management Fantasies, F. H. "Bud" Griffis, EI Oct. 92, p331-344.

Management style
ADR, TQM, Partnering, and Other Management Fantasies, F. H. "Bud" Griffis, EI Oct. 92, p331-344.

Manpower
Digger's Decline: A Fable for Civil Engineers, John A. Alexander, EI July 93, p304-308.

Methodology
Relation of Praxeology to Engineering, Ronald A. Chadderton, EI Oct. 94, p384-391.

Microcomputers
Teaching with Multimedia: Example and Issues, Rollin H. Hotchkiss, EI July 94, p279-289.

Minority groups
Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.
Improving Effectiveness of Equal Business Opportunity Programs, Zuhair El-Itr and Roozbeh Kangari, EI July 94, p295-312.
Past, Present, and Future of ASCE: Equal Opportunity Programs, Francis E. Griggs, Jr., EI Apr. 94, p198-211.

Motivation
Teaching Engineering to Increase Motivation, N. C. Mickleborough and D. G. Wareham, EI Jan. 94, p29-35.

NASA
NASA's Mission to Planet Earth: Will Civil Engineering Reap Benefits? John H. McElroy, EI Oct. 94, p401-404.

Objectives
Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Organizational policy
Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Organizations
Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Peer review
Collaboration in the Engineering Classroom, Patricia G. Frantz, Gregory C. Frantz and John T. DeWolf, EI July 93, p297-303.

Performance
Dimensions and Management of Facility Performance, James C. Porter, EI Jan. 94, p1-7.

Personnel
Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Personnel management
Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Planning
Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.
Limits of Reasonable Planning, Carlos M. H. Stegmann, EI July 94, p246-253.

Policies
Infrastructure: a More Comprehensive Policy is Needed, Neil S. Grigg, EI Apr. 94, p183-192.

Political factors
Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.
Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.
Labor-Political Factors for International Firms in Developing Regions, Enno "Ed" Koehn and Frank Atuahene, EI Jan. 94, p41-49.

Productivity
Labor-Political Factors for International Firms in Developing Regions, Enno "Ed" Koehn and Frank Atuahene, EI Jan. 94, p41-49.

Professional activities

How We Falter and the Lessons We Learn, K. B. Khushalani, EI Oct. 93, p422-426.

Tunnel School, Brian Brenner and Richard O'Brien, EI Oct. 94, p405-412.

Professional advancement

Admission Requirements for Non-Civil Engineering Graduate Applicants, Richard H. McCuen and Allen P. Davis, EI Apr. 93, p163-169.

Strategies to Enhance Well-Being of Civil Engineering Profession, Michel Bruneau, EI Oct. 94, p341-359.

Professional development

Improving Effectiveness of Equal Business Opportunity Programs, Zuhair El-Itr and Roozbeh Kangari, EI July 94, p295-312.

Professional practice

Constructivist Learning Model for Ethics Education, Richard H. McCuen, EI July 94, p273-278.

Contemporary Model of Civil Engineering Failures, Richard L. Meehan, Brian Chun, Sang-wuk Ji, Stephanie King, Knut Ronold and Frank Yang, EI Apr. 93, p138-146.

Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Digger's Decline: A Fable for Civil Engineers, John A. Alexander, EI July 93, p304-308.

Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.

Ethics and Quality in the Constructed Project, Jerome S. B. Iffland, EI Jan. 94, p8-24.

The Importance of Being Historical: Civil Engineers and Their History, Jane Morley, EI Oct. 94, p419-428.

Integrated Capstone Design Experience, Everett E. McEwen, EI Apr. 94, p212-220.

Restructuring the Engineering and Engineering Technology Relationship, Russel C. Jones and Robert D. Kersten, EI Apr. 93, p153-162.

Standard of Care in Civil Litigation, Robert W. Day, EI Apr. 94, p145-148.

Professional registration

Strategy for Passing the Civil P.E. Exam, John G. Everett and James T. Mitroka, EI July 93, p269-278.

Professional role

Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Facilitating Sustainable Development: Role of Engineer, Geoffrey H. Coates, EI July 93, p225-229.

Future Concerns in Environmental Engineering Graduate Education, Richard G. Luthy, David A. Bella, James R. Hunt, James H. Johnson, Desmond F. Lawler, Charles R. O'Melia and Frederick G. Pohland, EI Oct. 92, p361-380.

How We Falter and the Lessons We Learn, K. B. Khushalani, EI Oct. 93, p422-426.

Strategies to Enhance Well-Being of Civil Engineering Profession, Michel Bruneau, EI Oct. 94, p341-359.

Why Do Engineers Wear Black Hats? P. Aarne Vesilind, EI Jan. 93, p1-7.

Professional societies

Ethics and Quality in the Constructed Project, Jerome S. B. Iffland, EI Jan. 94, p8-24.

Project management

Aspects of Virtual Master Builder, Victor E. Sanvido, Steven J. Fenves and John L. Wilson, EI July 92, p261-278.

Ethics and Quality in the Constructed Project, Jerome S. B. Iffland, EI Jan. 94, p8-24.

International Information and Technology Transfer, Charles G. Gunnerson, EI Oct. 91, p336-350.

Projects

Innovative Introduction to Civil Engineering Curriculum, E. F. Glynn and W. B. Fergusson, EI Apr. 94, p149-157.

Public opinion

Facilitating Sustainable Development: Is Our Approach Correct? Michael N. T. Cottell, EI July 93, p220-224.

Why Do Engineers Wear Black Hats? P. Aarne Vesilind, EI Jan. 93, p1-7.

Public participation

Engineers and Leadership: How to Move up "Economic Food Chain", Richard G. Weingardt, EI Jan. 94, p50-57.

Facilitating Sustainable Development: Role of Engineer, Geoffrey H. Coates, EI July 93, p225-229.

Tunnel School, Brian Brenner and Richard O'Brien, EI Oct. 94, p405-412.

Why Do Engineers Wear Black Hats? P. Aarne Vesilind, EI Jan. 93, p1-7.

Public policy

Conflict Between Professionalism and Political Responsiveness, Robert W. Brannan, EI Jan. 94, p36-40.

Infrastructure and Economic Development: Civil Engineering Perspective, Neil S. Grigg, EI Jan. 93, p51-61.

Public works

Infrastructure and Economic Development: Civil Engineering Perspective, Neil S. Grigg, EI Jan. 93, p51-61.

Quality control

Ethics and Quality in the Constructed Project, Jerome S. B. Iffland, EI Jan. 94, p8-24.

Is it Necessary to Compromise Engineering Ethics to Remain Competitive? Jim V. Anderson, EI Oct. 94, p379-383.

Quality control - management

ADR, TQM, Partnering, and Other Management Fantasies, F. H. "Bud" Griffis, EI Oct. 92, p331-344.

Recruiting
Digger's Decline: A Fable for Civil Engineers, John A. Alexander, EI July 93, p304-308.

Recycling
Environmental Collective Action: Residential Recycling Programs, Jess W. Everett, EI Apr. 94, p158-176.

Regulations
Sustainable Development Issues: Industry, Environment, Regulation and Competition, George L. De Feis, EI Apr. 94, p177-182.

Remote sensing
NASA's Mission to Planet Earth: Will Civil Engineering Reap Benefits? John H. McElroy, EI Oct. 94, p401-404.

Reports
Engineering Jargon and Civil Liability, Robert W. Day, EI Oct. 94, p413-418.

Responsibility
Contemporary Model of Civil Engineering Failures, Richard L. Meehan, Brian Chun, Sang-wuk Ji, Stephanie King, Knut Ronold and Frank Yang, EI Apr. 93, p138-146.

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Risk analysis
Strategies for Avoiding Civil Liability, Robert W. Day, EI July 94, p265-269.

Safety factors
Strategies for Avoiding Civil Liability, Robert W. Day, EI July 94, p265-269.

Salaries
ASCE 1993 Salary Survey, ASCE Committee on Employment Conditions of the Professional Practice Division, EI Apr. 94, p221-230.

Strategies to Enhance Well-Being of Civil Engineering Profession, Michel Bruneau, EI Oct. 94, p341-359.

Satellites
NASA's Mission to Planet Earth: Will Civil Engineering Reap Benefits? John H. McElroy, EI Oct. 94, p401-404.

Service life
Dimensions and Management of Facility Performance, James C. Porter, EI Jan. 94, p1-7.

Social needs
Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Relevant Engineering in 21st Century, Henry J. Hatch, EI July 93, p216-219.

Social values
Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Integrating Ethics into Technical Curricula, Roger A. Killingsworth, Jr. and Darla J. Twale, EI Jan. 94, p58-69.

Sociological factors
Ideal of Civil Engineering, George Bugliarello, EI July 94, p290-294.

Stream gaging
Teaching with Multimedia: Example and Issues, Rollin H. Hotchkiss, EI July 94, p279-289.

Students
Strategy for Passing the Civil P.E. Exam, John G. Everett and James T. Mitroka, EI July 93, p269-278.

Teaching Engineering to Increase Motivation, N. C. Mickleborough and D. G. Wareham, EI Jan. 94, p29-35.

Tunnel School, Brian Brenner and Richard O'Brien, EI Oct. 94, p405-412.

Surveys, data collection
Assessment: How to Make Lemons into Lemonade, John H. Page, EI Jan. 94, p25-28.

National Survey of Materials Engineering Program, K. P. George, John R. Rohde and Srinivasa L. Iyer, EI July 94, p313-323.

Teaching methods
Case Study of Development of Distance-Learning Course, D. A. Langford, T. Bilham, R. Fellows and R. Newcombe, EI Oct. 94, p333-340.

Constructivist Learning Model for Ethics Education, Richard H. McCuen, EI July 94, p273-278.

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Effective Teaching Using SemiNotes, M. U. Hosain, EI Apr. 94, p193-197.

Future Concerns in Environmental Engineering Graduate Education, Richard G. Luthy, David A. Bella, James R. Hunt, James H. Johnson, Desmond F. Lawler, Charles R. O'Melia and Frederick G. Pohland, EI Oct. 92, p361-380.

Integrating Ethics into Technical Curricula, Roger A. Killingsworth, Jr. and Darla J. Twale, EI Jan. 94, p58-69.

On the Shoulders of Giants, Francis E. Griggs, Jr., EI July 94, p254-264.

Teaching with Multimedia: Example and Issues, Rollin H. Hotchkiss, EI July 94, p279-289.

Teamwork
Collaboration in the Engineering Classroom, Patricia G. Frantz, Gregory C. Frantz and John T. DeWolf, EI July 93, p297-303.

Technology
Infrastructure: a More Comprehensive Policy is Needed, Neil S. Grigg, EI Apr. 94, p183-192.

Technology transfer
International Information and Technology Transfer, Charles G. Gunnerson, EI Oct. 91, p336-350.

Telecommunication
Case Study of Development of Distance-Learning Course, D. A. Langford, T. Bilham, R. Fellows and R. Newcombe, EI Oct. 94, p333-340.

Terminology
Engineering Jargon and Civil Liability, Robert W. Day, EI Oct. 94, p413-418.

Testing

Strategy for Passing the Civil P.E. Exam, John G. Everett and James T. Mitroka, EI July 93, p269-278.

Training

Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Improving Effectiveness of Equal Business Opportunity Programs, Zuhair El-Itr and Roozbeh Kangari, EI July 94, p295-312.

International Information and Technology Transfer, Charles G. Gunnerson, EI Oct. 91, p336-350.

Outlook for Environmental Education in 21st Century, Berrin Tansel, EI Apr. 94, p129-134.

Transportation engineering

Transportation Capstone Design Project: Review and Future Directions, John G. Schoon, EI Jan. 94, p70-89.

Trusses

On the Shoulders of Giants, Francis E. Griggs, Jr., EI July 94, p254-264.

Tunneling

Tunnel School, Brian Brenner and Richard O'Brien, EI Oct. 94, p405-412.

Undergraduate study

Civil Engineering Undergraduate Education in Japan: System Overview, Masanori Tsuji and Antonio Nanni, EI Apr. 94, p135-144.

Computer-Aided Laboratory Teaching in Geotechnics, I. E. G. Davey-Wilson, EI Oct. 94, p430-435.

Innovative Introduction to Civil Engineering Curriculum, E. F. Glynn and W. B. Fergusson, EI Apr. 94, p149-157.

Integrated Capstone Design Experience, Everett E. McEwen, EI Apr. 94, p212-220.

Transportation Capstone Design Project: Review and Future Directions, John G. Schoon, EI Jan. 94, p70-89.

Waste management

Environmental Collective Action: Residential Recycling Programs, Jess W. Everett, EI Apr. 94, p158-176.

Women

Human-Resource Management for Twenty-First Century: Managing Diversity, Deborah A. Foley, EI Apr. 94, p121-128.

Past, Present, and Future of ASCE: Equal Opportunity Programs, Francis E. Griggs, Jr., EI Apr. 94, p198-211.

Working conditions

Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Writing

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Engineering Jargon and Civil Liability, Robert W. Day, EI Oct. 94, p413-418.
